Summary

I am Ukandie Sunday, a creative Front End Developer with over two years of experience, consistently learning, building and contributing to teams, driving great results. I'm proficient in HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, Sass, Redux, and other modern frontend technologies.

Education

Federal University of Ndufu Alike(AE-FUNAI), Ebonyi State, Nigeria. . **2017 - 2021**
Bachelor's Degree in Accounting. *Abakaliki, Ebonyi State*

Work Experience

Moregift **Jan 2024 – June 2024**

Front End Developer, Intern — Remote (Canada)

- Developed responsive and user-friendly web applications using HTML, CSS, JavaScript, React.js, Next.js, etc.
- Translated designs on figma to clean, maintainable and functional code.
- Documented development processes and project progress.
- Assisted in building complex features and troubleshooting issues within the code base with constructive feed backs.
- Collaborated seamlessly with design and backend teams to integrate frontend features.
- Built numerous email templates and marketing campaign contents.

Solacatech (Freelancing Company) **June 2024 – Present**

Junior Front End Developer, Contract — Remote (Nigeria)

- Delivered high-performance, SEO-optimized websites tailored to client requirements. Converted email templates and SEO marketing contents.
- Tested and debugged websites for efficiency and cross-browser compatibility.
- Integrated backend technologies such as Node.js and PHP.
- Translated Figma wire frames into production-ready code with responsive user interfaces.
- Maintained version control using Git and GitHub.
- Participated in code reviews, weekends stand-ups, and agile development processes.
- Set up project environments and configured tools like Webpack, Babel, and ESLint.
- Kept up-to-date with frontend technology trends.
