◈ OBJECTIVE

To work in an organisation that has a compitative innovative working environment, which offers excellent growth opportunities where I can use my skills and potential.

💼 EXPERIENCE

GIS Analyst   10 months - On-going

PCON UTILITIES PVT LTD

As a GIS Editor, I have played a pivotal role in both Old NC and New NC
projects, consistently meeting and exceeding targets within specified timeframes.
My expertise lies in mapping gas pipeline systems onto detailed North Carolina
maps, showcasing precision and attention to detail. This experience has honed my
skills in GIS editing, ensuring the accurate representation of crucial infrastructure. I
take pride in my ability to navigate complex projects efficiently, contributing to the
seamless integration of GIS technology in depicting the intricate network of gas
pipelines across the region.
