JavaScript · ReactJS · Responsive Design · HTML · CSS
Redux · Material UI · AntDesign · Tailwind CSS

Experience

Payce Paid Pty Ltd / Lead Front-End Engineer
Jan 2022 - PRESENT, REMOTE

Payce Paid is an account receivable management solution with built-in reminders enabled which makes it seamless to manage your invoices and avoid awkward emails to debtors asking for repayment. Automate your reminder plan with the default campaigns and templates provided or create a custom one. Receive payments through the provided payment gateway or if you have one of your own, integrate it to let your debtors use it. And a lot more.
